## Language Arts

- Determine the connotations and denotations of words
- Use common Latin roots to define unfamiliar words
- Analyze the structure of nonfiction texts
- work on *Hatchet* final projects

## Math

- Decimal operations including dividing by decimals
- Finding equivalent percents, fractions, and decimals
- Solving proportions
- Creating box and whisker plots
- Unit 3 Assessment before break

## Science and Social Studies

- Science-we will begin to explore matter. Matter is made up of small particles called atoms.
- Social Studies-we will finish Ancient Egypt and move on to Ancient China.
