A Note from the Teacher

Literacy Tasks and iReady testing:

I will be meeting with your children individually over the next few weeks to help me understand more of what your child knows. There are two assessments that I will be administering in order to get a better picture of your child. I will be completing some Literacy tasks one on one with your child. The iReady test will be done by the students on a computer. This will help me to move them toward continuing their academic growth.
