Coming into November, we are entering one of our busier times at school. Please pay close attention to the Upcoming Events section.

And, it will come super quick, interims will be going home in a few short weeks. We had a GREAT start to the year, but as the content gets more difficult, and we enter into a fun but hectic time of year, grades may begin to slip. Don't forget that you can access grades at any time. All students in fifth and sixth know how to check their grades, and it is much easier for them than to use your parent account (at least Mrs. Rhamy and Mrs. Miller think so). Ask your child to show you.
