

Week of **September** 13

Upcoming **EVENTS**

Friday, September 16 - Interims

Tuesday, October 4 - September reading logs due

Monday, October 10 - Conferences

Wednesday, October 12 - Conferences

Thursday, October 14 - No School

Friday, October 21 - End of First Nine Weeks

Friday, October 28 - Report Cards

If you will be picking your child up for an appointment during the day, or they will be leaving early, please make sure to send in a note so we can be prepared. This will also help Mrs. Near in the office.

Extension time began last week. This is a 30 minute block of time every day during which every student receives additional support in either math or reading. September will focus solely on math; students are placed in groups based on last year skills they need extra practice with. We are EXTREMELY lucky that there are seven teachers available during this time so groups are small and can be focused on students' exact needs.

Upcoming Assessments

6th Grade

Friday - properties of minerals quiz

5th Grade

Friday - story and vocabulary test

What's on the agenda??
