

Mrs. Cockrill's Kindergarten

FOR the week of

MARCH 11

NEWS

NEWS & NOTES

Kindergarten Registration: Looking ahead... this year our kindergarten registration will take place on April 23th in our building! Please be sure call the office to schedule a time for this or let any family and friends know!

FUN HOMEWORK (again!): Attached is a 3D shapes match game that we played this week in math! As students turn over the cards, please encourage them to name the 3D shape (cone, cylinder, sphere, cube, rectangular prism)! This is FUN and a learning opportunity as well! Making a match is simply finding two of the same 3D shape!

Retelling Puppets: This week we read the story of Goldilocks. One important skill every kindergartener should have is RETELLING. We made puppets and a "stage" to help retell! Please encourage your child to put on a show for the family this weekend! I am attaching a rubric with details that I listen for as children retell a story! This may be helpful!

EXTRAS

Language Arts

Skills for next week:

Essential Question: What helps you go from here to there?

Sight Word: here, come

Phonics: review and practice more words with digraphs (ch, th, sh, wh, ck), introduce the "magic" e (silent e).

Strategy: identify cause and effect in a story, identify characters, setting, and major events in a story

Math

Skills for next week:

- count and skip count with calculators
- comparing weight with a pan balance
- collecting data in a classroom survey
- practice estimating with numbers
